## American Families: A Multicultural Reader

In the past forty years, American families have become more racially and ethnically diverse than ever before. Different family forms and living arrangements have also multiplied, with single-parent families, cohabiting couples with children, divorced couples with children, stepfamilies, and newly-visible same-sex families. During the same period, socioeconomic inequality among families has risen to levels not seen since the 1920s.

This second edition of *American Families* offers several benefits:

- clear conceptual focus
- new attention to the historical origins of contemporary family diversity
- well-chosen essays by leading names from across the curriculum
- explores the interactions between race-ethnicity, class, gender, and sexuality in shaping family life
- Completely updated and expanded bibliography of related sources
- new companion website with student and instructor resources to enhance learning.

Leading off with a comprehensive and teachable introduction to the topic, this completely updated, revised, and expanded second edition of Stephanie Coontz's classic collection *American Families* remains the best resource available on family diversity in America.

For additional information and classroom resources please visit the *American Families* companion website at [www.routledge.com/textbooks/9780415958219](http://www.routledge.com/textbooks/9780415958219).
