Written by an author team with an extraordinary depth of experience in trial practice, *Materials in Trial Advocacy* uses actual cases and Trial Files to engage students in the whole process of litigation. Each chapter contains both civil and criminal problems presented at graduating levels of complexity.

## Key Features

- All photos and almost all other graphics have been replaced, to give the materials a modern look.
- Most formerly gender-specific names of witnesses replaced with gender-neutral names, so instructors can assign persons of either gender to most witness roles.
- A new problem concerning police seizure of a cell phone during arrest.
- A new problem concerning the admissibility of a social media post, in several contexts.
