Rick spent his entire life wanting to be a policeman. After his mother's disappearance as a child, he knew it would be the only way for him to solve the case. After a long day working on the case, he's called out to a domestic disturbance case. Fearing that the victim is in danger, he breaks protocol when he enters the residence before his backup arrives. The next thing he knows, he opens his eyes to find himself in a hospital room, greeted by a beautiful nurse.

Kimmy didn't know that her life was about to change when the wounded policeman was rushed into ER. Although she has been hardened by the years of working in the hospital, she becomes attached to this patient, because her own father had been killed in the line of duty when she was younger.

As Rick recovers under Kimmy's care, the two find themselves falling dangerously in love—because they both know that acting on their feelings could cost Kimmy her job...
