Corporate Security Management: Challenges, Risks, and Strategies Marko Cabric

Corporate Security Management provides practical advice on efficiently and effectively protecting an organization's processes, tangible and intangible assets, and people.

The book merges business and security perspectives to help transform this often conflicted relationship into a successful and sustainable partnership. It combines security doctrine, business priorities, and best practices to uniquely answer the Who, What, Where, Why, When and How of corporate security.

Corporate Security Management explores the diverse structures of security organizations in different industries. It shows the crucial corporate security competencies needed and demonstrates how they blend with the competencies of the entire organization. This book shows how to identify, understand, evaluate and anticipate the specific risks that threaten enterprises and how to design successful protection strategies against them. It guides readers in developing a systematic approach to assessing, analyzing, planning, quantifying, administering, and measuring the security function.

- Addresses the often opposing objectives between the security department and the rest of the business concerning risk, protection, outsourcing, and more
- Shows security managers how to develop business acumen in a corporate security environment
- Analyzes the management and communication skills needed for the corporate security manager
- Focuses on simplicity, logic and creativity instead of security technology
- Shows the true challenges of performing security in a profit-oriented environment, suggesting ways to successfully overcome them
- Illustrates the numerous security approaches and requirements in a wide variety of industries
- Includes case studies, glossary, chapter objectives, discussion questions and exercises

From reader reviews:

Matthew Sammons:

What do you concentrate on book? It is just for students since they're still students or it for all people in the world, exactly what the best subject for that? Only you can be answered for that issue above. Every person has diverse personality and hobby for every single other. Don't to be obligated someone or something that they don't want do that. You must know how great in addition to important the book Corporate Security Management: Challenges, Risks, and Strategies. All type of book can you see on many methods. You can look for the internet sources or other social media.

Brenda Hedstrom:

A lot of people always spent their free time to vacation or maybe go to the outside with them family or their friend. Are you aware? Many a lot of people spent that they free time just watching TV, or even playing video games all day long. In order to try to find a new activity here is look different you can read some sort of book. It is really fun in your case. If you enjoy the book that you simply read you can spent the entire day to reading a reserve. The book Corporate Security Management: Challenges, Risks, and Strategies it is very good to read. There are a lot of people that recommended this book. They were enjoying reading this book. In the event you did not have enough space to develop this book you can buy the actual e-book. You can m0ore quickly to read this book from a smart phone. The price is not to cover but this book has high quality.

Carl Harber:

The book untitled Corporate Security Management: Challenges, Risks, and Strategies contain a lot of information on that. The writer explains her idea with easy method. The language is very clear and understandable all the people, so do not worry, you can easy to read that. The book was published by famous author. The author brings you in the new period of time of literary works. It is possible to read this book because you can read more your smart phone, or program, so you can read the book inside anywhere and anytime. In a situation you wish to purchase the e-book, you can open their official web-site along with order it. Have a nice learn.

Daniel Hutchison:

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library or even make summary for some reserve, they are complained. Just small students that has reading's internal or real their passion. They just do what the teacher want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that reading is not important, boring as well as can't see colorful pics on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Corporate Security Management: Challenges, Risks, and Strategies can make you really feel more interested to read.
