When you're facing a thug and have to look up to stare into his eyes, you're bound to feel fear. But follow the strategies and techniques presented by martial arts innovator Sammy Franco, and the fight will end with your attacker looking up at you as he crashes to the ground. Franco, the creator of Contemporary Fighting Arts, was concerned about the lack of information on facing a larger opponent. Here, he addresses that all-important issue and delivers what you need to survive a street fight when the odds seem impossible. Unless you're Mike Tyson, there may come a day when you'll face an opponent who can dominate you through sheer mass and strength. Read this book before that day comes.
