Mastering VMware vSphere 6 Nick Marshall

Master your virtual environment with the ultimate vSphere guide

Mastering VMware vSphere 6 is the fully updated edition of the bestselling guide to VMware's virtualization solution. With comprehensive coverage of this industry-leading toolset, this book acts as an informative guide and valuable reference. Step-by-step instruction walks you through installation, configuration, operation, security processes, and much more as you conquer the management and automation of your virtual environment. Written by certified VMware vExperts, this indispensable guide provides hands-on instruction and detailed conceptual explanations, anchored by practical applications and real-world examples.

This book is the ultimate guide to vSphere, helping administrators master their virtual environment. Learn to:

- Install, configure, and manage the vCenter Server components
- Leverage the Support Tools to provide maintenance and updates
- Create and configure virtual networks, storage devices, and virtual machines
- Implement the latest features to ensure compatibility and flexibility
- Manage resource allocation and utilization to meet application needs
- Monitor infrastructure performance and availability
- Automate and orchestrate routine administrative tasks

Mastering VMware vSphere 6 is what you need to stay up-to-date on VMware's industry-leading software for the virtualized datacenter.

From reader reviews:

Brian Bauer:

Book is actually written, printed, or highlighted for everything. You can learn everything you want by a book. Book has a different type. We all know that that book is important thing to bring us around the world. Close to that you can your reading skill was fluently. A reserve Mastering VMware vSphere 6 will make you to always be smarter. You can feel considerably more confidence if you can know about every thing. But some of you think this open or reading a book make you bored. It is far from make you fun. Why they could be thought like that? Have you in search of best book or suitable book with you?

Susan Granger:

Book is to be different per grade. Book for children until adult are different content. To be sure that book is very important for all of us. The book Mastering VMware vSphere 6 had been making you to know about other information and of course you can take more information. It is quite advantages for you. The publication Mastering VMware vSphere 6 is not only giving you far more new information but also to be your friend when you experience bored. You can spend your current spend time to read your book. Try to make relationship with the book Mastering VMware vSphere 6. You never sense lose out for everything when you read some books.

Rhonda Rudder:

Nowadays reading books become more and more than want or need but also become a life style. This reading practice give you lot of advantages. The huge benefits you got of course the knowledge even the information inside the book that will improve your knowledge and information. The information you get based on what kind of publication you read, if you want attract knowledge just go with knowledge books but if you want sense happy read one together with theme for entertaining including comic or novel. The particular Mastering VMware vSphere 6 is kind of e-book which is giving the reader unstable experience.

Doug Martin:

Information is provisions for folks to get better life, information these days can get by anyone at everywhere. The information can be a understanding or any news even restricted. What people must be consider if those information which is within the former life are challenging to be find than now could be taking seriously which one is acceptable to believe or which one often the resource are convinced. If you have the unstable resource then you obtain it as your main information it will have huge disadvantage for you. All those possibilities will not happen in you if you take Mastering VMware vSphere 6 as the daily resource information.
