Child Fatality Review Quick Reference: For Healthcare, Social Service, and Law Enforcement Professionals Randell Alexander, Mary E. Case

An essential and convenient guide for every member of your review team the Child Fatality Review Quick Reference is an ideal field guide completely devoted to establishing, maintaining, and improving child fatality review teams (CFRTs). With full-color clinical photos and various causes and manners of death and sections devoted to review procedures and team member roles, this pocket-sized edition is required reading for anyone involved in the child fatality review process. Photos illustrate abusive and accidental forms of death, including neglect, SUDS, suicide, burns, drowning, genetic diseases, and natural causes. This text is a vital tool for all members of a CFRT, and it can serve as a guide for anyone trying to form a new team.
