Ursula K. Heise

Chronoschisms: Time, Narrative, and Postmodernism (Literature, Culture, Theory) Ursula K. Heise

In *Chronoschisms* Ursula Heise explores the way developments in communication and information technology have led to the emergence of a new culture of time in Western societies. Drawing on theories of postmodernism and narratology, she shows how postmodern narratives break up the concept of plot into a spectrum of contradictory story lines that allow new conceptions of history and posthistory to emerge. This wide-ranging study offers new readings of postmodernist theory and fresh insight into the often vexing relationship between literature and science.
