**The African- American Community, Social Capital And Nurturing Children into Adulthood** Dr. Sylvia D Briscoe

The purpose of this book is to help understand how and why children who experience increased amounts of social capital lead successful adult lives. This investigation used a qualitative, explanatory, single-case study, with purposeful sampling to select the research participants. The results of the data included three major themes: Organizational Social Capital, Servant Leaders, and Positive Attitudes. The recommendations for further study include action research projects and qualitative studies to access grounded data from the standpoint of children living the phenomena and in settings other than churches
