The Assault on Social Policy

William Roth

The Assault on Social Policy William Roth

American social policy today largely serves global corporate interests rather than the general public, according to William Roth. Based on incisive analyses of economic globalization, class, politics, and bureaucracy, *The Assault on Social Policy* argues that the perfection of the free market is a myth. Roth analyzes the rhetoric used to make poverty seem acceptable, shows how corporations affect the distribution of wealth and other resources, and considers the effect on disabled people, criminals, children, and health care. He concludes that increased transnational corporate power has created the need for large-scale systematic public policy changes.
