Brutal Starlight

Brian Fatah Steele

Brutal Starlight Brian Fatah Steele

The future holds such unseen potential, one we desperately hope is bright, but equally carries the chance of darker things. This collection of novellas and short stories imagines bleaker tomorrows, horrors both existential and visceral. From alien gods and shattered dimensions to post-apocalyptic wastelands and distant galaxies, these are tales of possibilities turned bitter. Thirteen tales of humanity adrift in the cosmos... the starlight brutal in its indifference.
