Cities and Urban Life John J. Macionis, Vincent N. Parrillo

Cities and Urban Life, authored by two of the best-known textbook writers in the field, provides a comprehensive introduction to urban sociology, urban anthropology, and urban studies courses. Primarily sociological in approach, this book incorporates historical, social, psychological, geographical, and anthropological insights. While strong in the classical urban sociology, it also gives extensive attention to the "new" political economy approach to urban studies. Also, the authors use global cities as case studies for more relevance to students.
