The method that's helped thousands in the U.S. and Japan learn Japanese successfully.

The Japanese language has two basic writing systems, hiragana and katakana, in addition to the one that uses Chinese characters or Kanji. This handy book teaches you a new mnemonics-based method to read and write the basic 92 hiragana and katakana characters.

- **Memorable picture mnemonics** help you to learn the characters by associating their shapes and sounds with combinations of images and English words already familiar to you.
- **Clear examples and entertaining exercises** offer opportunities to read, write, use and practice all 46 basic hiragana and 46 basic katakana characters, plus the remaining kana that stand for more complex sounds.
- **Polish your knowledge** with word searches, crossword puzzles, fill-in-the-blanks, timed recognition quizzes, and other interesting activities.
- **The CD-ROM** allows you to print out your own flash cards (featuring the same mnemonic images taught in the book) to help you review and practice, even while you're on the go.
