Mary Wollstonecraft: A Revolutionary Life

Janet Todd

Mary Wollstonecraft: A Revolutionary Life Janet Todd

With Mary Wollstonecraft and her *A Vindication of the Rights of Women*, published in 1792, a modern female consciousness came clearly into being, one that tied the mind to the body. This beautifully written biography, the first new study of Mary Wollstonecraft in thirty years, argues that it is her life and letters that are her most lasting legacy.

Her story reads like a novel -- extraordinarily scandalous in conventional terms (a close involvement with a woman, two male lovers, an illegitimate child, and a habit of initiating amorous relationships), yet in her own terms always principled and highly moral. She strove to reconcile integrity and sexual desire, the duties and needs of a woman, motherhood and intellectual life, domesticity and fame.
