**Presidential Leadership: Politics and Policy Making** III George C. Edwards, Stephen J. Wayne

Written by two renowned presidential scholars, this comprehensive, best-selling text examines all aspects of the presidency in rich detail. With a special emphasis on policy, the new edition surveys the most up-to-date scholarship on the topic, and includes an examination of the midterm presidential election. Taking a theoretical approach, the authors use engaging analysis and timely, fascinating examples to view the presidency from two theoretical standpoints--the president as "facilitator," and the president as "director of change."
