100 Great Kings, Queens and Rulers of the World John Canning

This volume presents a personal selection of great kings and queens, the word 'great' implying no moral judgment but used as a simple descriptive label for those whose significance for good or bad has been considerable. Most of them exercised absolute or near - absolute power, for the emergence of the constitutional monarch is a comparatively recent phenomenon. Also included are rulers who seemed to partake wholly or to a large extent in the royal mystique. Thus there is a certain resemblance between, say, pericles, on the one hand and franklin d. Roosevelt and john f. Kennedy on the other.
