Harrison was the Monster Detective, a storybook hero. Now he's in his mid-thirties and spends most of his time popping pills and not sleeping. Stan became a minor celebrity after being partially eaten by cannibals. Barbara is haunted by unreadable messages carved upon her bones. Greta may or may not be a mass-murdering arsonist. Martin never takes off his sunglasses. *Never*.

No one believes the extent of their horrific tales, not until they are sought out by psychotherapist Dr. Jan Sayer. What happens when these seemingly-insane outcasts form a support group? Together they must discover which monsters they face are within—and which are lurking in plain sight.
