Introduction to Logic

Irving M. Copi, Carl Cohen

Introduction to Logic Irving M. Copi, Carl Cohen

Dedicated to the memory of Irving M. Copi, the twelfth edition of Introduction to Logic retains its breadth of coverage, while breaking new ground with a compelling new design and inclusion of new pedagogic features to help students in their study of logic. This new edition goes further than any previous edition-or competing logic text-in assisting students with their mastery of logic! NEW to Introduction to Logic, Twelfth Edition!*

New material-Additional coverage of conditional proofs; new category for fallacies of defective induction; separated treatment of classic syllogistic logic and modern symbolic logic *

"VISUAL LOGIC" feature-Clear and vivid illustrations provided to clarify challenging logic topics *

Marginal definitions-Helps students define terms while reading *

Summary tables-Over 30 "OVERVIEWS" to help students review material at a glance *

New student supplement-Available to package with new texts, LogicNotes with Practice Problems provides a Notebook with numerous practice problems and solutions (Package ISBN: 013-163729-0)

eLogic-Prentice Hall's new CD-ROM-based logic tutorial Prentice Hall has revised its tutorial to provide students with over 800 exercises, drawn from the text, plus the tools students need to solve logic problems. Students can work problems, including diagramming arguments, creating Venn diagrams, constructing truth tables. And now students can build and check proofs! See the walk-through in this book or visit www.prenhall.com/philosophy for more information!

From reader reviews:

Richard Valadez:

What do you think about book? It is just for students as they are still students or the idea for all people in the world, what best subject for that? Simply you can be answered for that issue above. Every person has distinct personality and hobby for each other. Don't to be forced someone or something that they don't would like do that. You must know how great in addition to important the book Introduction to Logic. All type of book would you see on many options. You can look for the internet options or other social media.

Bridgett Killion:

Spent a free the perfect time to be fun activity to accomplish! A lot of people spent their leisure time with their family, or their own friends. Usually they accomplishing activity like watching television, planning to beach, or picnic within the park. They actually doing same task every week. Do you feel it? Do you want to something different to fill your own personal free time/ holiday? May be reading a book is usually option to fill your free time/ holiday. The first thing you will ask may be what kinds of e-book that you should read. If you want to consider look for book, may be the book untitled Introduction to Logic can be excellent book to read. May be it can be best activity to you.

Jason Probst:

Do you one of the book lovers? If yes, do you ever feeling doubt while you are in the book store? Try to pick one book that you never know the inside because don't evaluate book by its deal with may doesn't work at this point is difficult job because you are frightened that the inside maybe not as fantastic as in the outside search likes. Maybe you answer could be Introduction to Logic why because the wonderful cover that make you consider regarding the content will not disappoint a person. The inside or content is fantastic as the outside as well as cover. Your reading 6th sense will directly assist you to pick up this book.

Michael Marx:

Some people said that they feel bored when they reading a guide. They are directly felt that when they get a half parts of the book. You can choose often the book Introduction to Logic to make your current reading is interesting. Your personal skill of reading ability is developing when you such as reading. Try to choose basic book to make you enjoy to see it and mingle the opinion about book and examining especially. It is to be very first opinion for you to like to open a book and learn it. Beside that the book Introduction to Logic can to be your brand-new friend when you're sense alone and confuse with the information must you're doing of the time.
