Cillian Turick never dreamed he'd find another mate after his first beloved left him, but when his first class of the semester begins with the distinct scent of a mate wafting through the room, it's all he can do not to claim her right then and there. The only problem? He doesn't know which of his female students is creating that irresistible smell. Try as he might to ignore it, the wild cat inside him will never let him, and the search for her consumes him entirely...

Cindy has never had an interest in boys. Or girls. Or anyone. A self-titled asexual, she's lived her whole life devoid of sexual interest. Now, in her junior year of college at a prestigious university, this is a good thing: all the more time to devote to classwork, internships, and grooming herself for a career. Until, that is, she signs up for a class on Shifter Relations with the famed Professor Turick – famed for his knowledge on the subject, but also for his good looks and sexy British accent. The class is supposed to teach Cindy about how shifter populations and human populations can get along, but no sooner does the semester start than she realizes she'll be learning a whole lot more.

Warning! This ebook contains super hot and explicit scenes that are intended for adult readers only! Discretion is advised!
