Semantics and Syntax in Lexical Functional Grammar: The Resource Logic Approach (Language, Speech, and Communication)

Semantics and Syntax in Lexical Functional Grammar: The Resource Logic Approach (Language, Speech, and Communication)

A new, deductive approach to the syntax-semantics interface integrates two mature and successful lines of research: logical deduction for semantic composition and the Lexical Functional Grammar (LFG) approach to the analysis of linguistic structure. It is often referred to as the "glue" approach because of the role of logic in "gluing" meanings together.

The "glue" approach has attracted significant attention from, among others, logicians working in the relatively new and active field of linear logic; linguists interested in a novel deductive approach to the interface between syntax and semantics within a nontransformational, constraint-based syntactic framework; and computational linguists and computer scientists interested in an approach to semantic composition that is grounded in a conceptually simple but powerful computational framework. This introduction to and overview of the "glue" approach is the first book to bring together the research of the major contributors to the field.

Contributors: Richard Crouch, Mary Dalrymple, John Fry, Vineet Gupta, Mark Johnson, Andrew Kehler, John Lamping, Dick Oehrle, Fernando Pereira, Vijay Saraswat, Josef van Genabith.

From reader reviews:

Linda Young:

The book Semantics and Syntax in Lexical Functional Grammar: The Resource Logic Approach (Language, Speech, and Communication) can give more knowledge and also the precise product information about everything you want. Exactly why must we leave a very important thing like a book Semantics and Syntax in Lexical Functional Grammar: The Resource Logic Approach (Language, Speech, and Communication)? Some of you have a different opinion about e-book. But one aim that will book can give many data for us. It is absolutely correct. Right now, try to closer along with your book. Knowledge or details that you take for that, you could give for each other; you can share all of these. Book Semantics and Syntax in Lexical Functional Grammar: The Resource Logic Approach (Language, Speech, and Communication) has simple shape but you know: it has great and big function for you. You can seem the enormous world by open and read a book. So it is very wonderful.

Glenn Pryor:

People live in this new time of lifestyle always try to and must have the extra time or they will get lots of stress from both way of life and work. So , once we ask do people have time, we will say absolutely sure. People is human not only a robot. Then we inquire again, what kind of activity are you experiencing when the spare time coming to you actually of course your answer will unlimited right. Then ever try this one, reading guides. It can be your alternative throughout spending your spare time, often the book you have read is actually Semantics and Syntax in Lexical Functional Grammar: The Resource Logic Approach (Language, Speech, and Communication).

Hannah Norton:

On this era which is the greater person or who has ability to do something more are more treasured than other. Do you want to become one of it? It is just simple approach to have that. What you need to do is just spending your time little but quite enough to possess a look at some books. Among the books in the top list in your reading list is definitely Semantics and Syntax in Lexical Functional Grammar: The Resource Logic Approach (Language, Speech, and Communication). This book that is certainly qualified as The Hungry Hills can get you closer in turning out to be precious person. By looking upwards and review this reserve you can get many advantages.

Harold Thompson:

A lot of e-book has printed but it differs from the others. You can get it by internet on social media. You can choose the very best book for you, science, witty, novel, or whatever by simply searching from it. It is identified as of book Semantics and Syntax in Lexical Functional Grammar: The Resource Logic Approach (Language, Speech, and Communication). You can contribute your knowledge by it. Without departing the printed book, it could add your knowledge and make you happier to read. It is most crucial that, you must

aware about publication. It can bring you from one spot to other place.
