Jade Gillie is a young, enterprising black woman trying to make a new life for herself in the concrete jungle of New York City. In the wake of the death of her fiancé in a motorcycle accident, she never believed that she could love again, or that she would ever fall for another man the way she did for Vince – not least a powerful white business mogul who drives a Maserati supercar. And furthermore, she never dreamed that a man like Brenton Huxley – an alpha billionaire businessman with a penchant for boxing – would fall for an average girl like her.

But can their love survive the cold and rainy streets of New York, and a terrible misunderstanding that leads to thoughts of lies and betrayal? The answer lies in the story of New York Rain.
