The Father of Jihad: 'Abd All h 'Azz m's Jihad Ideas and Implications to National Security (Imperial College Press Insurgency and Terrorism) Muhammad Haniff Hassan

This study revolves around the jihad ideas of 'Abd Allah 'Azzam — an iconic figure in the study of militant jihad in the 20th century, history of Afghan jihad against the Soviet Union, Al-Qaeda and current threat of terrorism.

This study has several objectives:

- to render an in-depth description of his ideas by way of a review of his writing, hitherto little referenced in the literature;
- to identify how these ideas have inspired so many to participate in militant jihad in the Soviet-Afghan war, and indeed elsewhere;
- to highlight the internal contradictions and inconsistencies in 'Azzam's ideas, and to juxtapose these ideas with contemporary jihadism;
- to identify specific aspects of 'Azzam's ideas in order to extract key lessons for counter-ideology work within the framework of counter-terrorism.

The study concludes and makes three key arguments/observations on 'Azzam's jihad ideas;

some aspects of 'Azzam's jihad ideas have serious implications on national security; some of 'Azzam's jihad ideas diverge from dominant ideas held by current jihadist groups like Al-Qaeda and these could potentially be used to counter contemporary jihad ideas and practices of jihadists. Readership: Academicians, policymakers, intelligence and counter-terrorism professionals, security specialists.
