The most powerful and authoritative book written on the causes of terrorism. Walid Shoebat, who is a self-confessed, former Islamic-inspired terrorist, reveals all the reasons why he and his former colleagues commit these acts of violence and genocide while they 'lay in wait' for the next opportunities. In this book, Shoebat not only gives insight into his own thinking but carefully analyzes the mindset of many intellectuals on the cause of terrorism. He also explains the key problems and how to defeat terrorism; he substantiates his argument from a fascinating and unique perspective. A MUST READ for our political leaders, as well as Americans and people of the Western world who believe in our way of life and freedom.
