The Church (Contours of Christian Theology)

Edmund P. Clowney

The Church (Contours of Christian Theology) Edmund P. Clowney

At a time in which the very word *church* sounds a tone of dull irrelevance, the doctrine of the church has suffered the studied neglect of many Christian leaders. The persistent demands to market, manage and grow the church and to meet the felt needs of church and unchurched all threaten to quench theological reflection on the abiding nature and mission of the church. But few activities bear greater promise as a starting point for renewing and reshaping the Christian church than the work of theology. In this book Edmund Clowney takes up that task, addressing along the way a variety of contemporary concerns: worship, mission, church and culture, church and state, church order and discipline, the ministry of women, baptism and the Lord's Supper, tongues and prophecy, signs and wonders. He draws on decades of thinking and teaching about the church as well as from his committed leadership and ministry within the church. Biblical, historical, systematic and Reformed, *The Church* is a timely and provocative reflection on the life, order and purpose of the household of God.
