The Sociology of Sports: An Introduction

Tim Delaney, Tim Madigan

The Sociology of Sports: An Introduction Tim Delaney, Tim Madigan
Ranging widely in its scope, this sociological exploration emphasizes the positive aspects of sports in analyzing how they affect and are affected by the mores, values, and general culture of a nation. It provides a thorough study of the relationships between sports and such societal forces as violence, gender, race, religion, mass media, economics and others, commenting as well on the role of sports in high school and college life. American sports receive the fullest treatment, but the authors do not neglect the international aspects of sport in this student-friendly study. Also included is a brief history of sports from antiquity to the present.
