To Kill a Mockingbird: by Harper Lee | Summary & Analysis

Harper Lee's classic is read by millions of school children each year—but that does not mean that it has nothing to say to older readers. Far from it: presenting a gripping story of prejudice and non-understanding at work in 1930's Alabama, it remains a rich text for readers of all ages, speaking to peculiarly American iterations of universal human failings.

The novel narrates a span in the life of Scout Finch during which she, her family and friends and the larger community in which they exist. The children try to untangle the mystery of Boo Radley; the adults attempt to negotiate the miscarriage of justice perpetrated on Tom Robinson by a court system that relies upon the people who compose its juries being unbiased. Widely read as an indictment of racism and complacency in the face of it, the novel provides a telling portrait of the Deep South of the United States in the years of the Great Depression.

This companion also includes the following:

- Book Review
- Story Setting Analysis
- Story elements you may have missed as we decipher the novel
- Details of Characters & Key Character Analysis
- Thought Provoking /or Discussion Questions for Readers & Book Clubs
- Discussion & Analysis of Themes, Symbols...
- And Much More!

This Analysis fills the gap, making you understand more while enhancing your reading experience.
