*Michael D. Bristol*

## **Carnival and Theater (Routledge Revivals): Plebian Culture and The Structure of Authority in Renaissance England** Michael D. Bristol

In this title, first published in 1985, Michael Bristol draws on several theoretical and critical traditions to study the nature and purpose of theatre as a social institution: on Marxism, and its revisions in the work of Mikhail Bakhtin; on the theories of Emile Durkheim and their adaptations in the work of Victor Turner; and on the history of social life and material culture as practiced by the *Annales* school. This valuable work is an important contribution to literary criticism, theatre studies and social history and has particular importance for scholars interested in the dramatic literature of Elizabethan England.
