Nurse Rebecca's been fantasizing about **watching her husband ravish a young and innocent patient** ever since she started working together with him. And now that she has found just the right **younger woman** for her **doctor** husband to seduce, she's willing to put up with just about any type of **humiliation** from him in order to have her **cuckquean fantasy** come true. But will the younger woman agree to being taken hard, fast, and without protection at her **first medical exam**?

This **standalone** medical story is the first book in the series *Watching My Doctor Husband with Younger Women*. You do not have to read the sequel, *Watching My Doctor Husband with the Younger Nurse*, to reach a HFN ending with this steamy story. However, you'll have an even more pleasurable reading experience if you do.
